The Clash appeared at The Cali May 30th 1977 with Subway Sect, The Slits and The Prefects. It was the last night of the 'White Riot Tour'... Two arrests were made and almost a near riot! Admin was £2 with DJ Paul Gray. Paul remembers that night; "I had just got a pair of joke glasses with windscreen wipers on them. Topper Headon thought they were the best things he'd ever seen and asked if he could borrow them..That's the last time I saw them"
